Subhead: NV-Nevada

The ACP Career Connection has all the benefits of our current Web site and more! Physicians will be able to apply for jobs online – by selecting the **“APPLY FOR THIS JOB”** option when available in the ad posting. By choosing this method of applying, the physician’s stored profile and detailed CV (if uploaded) will be sent to the corresponding position.

The ACP Career Connection is a **non-searchable database by employers. Physician Profiles and optional CVs will not be sent to potential employers by ACP.** Only the physician has the ability to submit his/her profile along with their optional CV when applying through the **“APPLY FOR THIS JOB”** option.

BENEFITS FOR THE EMPLOYER OF THE “APPLY FOR THIS JOB” OPTION:

When a physician applies for your position using the “Apply for This Job” option, you will receive the stored profile along with a detailed CV, if they chose to upload/store one. *This is the **only** way a physician may include the stored profile when applying for a position.*

WHAT THE EMPLOYER NEEDS TO SUPPLY FOR THE “APPLY FOR THIS JOB” OPTION:

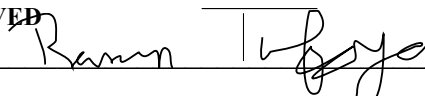

For Employers to take advantage of physicians submitting their stored profile and optional CV housed within the ACP Career Connection, they will need to provide a contact e-mail address for their job openings. The e-mail address you provide is the address that profiles and optional CVs will be sent to should a physician respond to your ad.

*If a contact e-mail address is not provided, the “Apply for This Job” button **will not** appear below the employer’s job opportunity and the physician’s stored profile **will not** be available to be sent. Physicians can only submit their profile when applying for a position that displays the “Apply for This Job” option.*

Please provide e-mail below for the “APPLY FOR THIS JOB” option
